

Sudarshan Sawandkar

Full Stack Developer

✉ sudarshansb143@gmail.com ☎ +918983638984 📍 Pune, India 🔗 LinkedIn

📄 PROFESSIONAL SUMMARY

Full Stack Developer with 4+ years of experience in building scalable web and mobile applications using **Angular, React** and **Node.js**. Skilled in designing **microservice architectures**, implementing **cross-system integrations**, and optimizing performance across front-end and back-end layers. Currently focused on developing modular, performance-optimized UI systems and enterprise integrations in cloud-native environments.

🧠 SKILLS

Frontend

JavaScript, TypeScript, Angular 14, React, Ionic,

Backend

Microservices, Node.js, Spring Boot, Python

Databases

PostgreSQL, MySQL, MongoDB

Tools & Others:

Git, Docker, Jasmine, AWS

📁 WORK EXPERIENCE

Motorola Solutions

Software Engineer

11/2024 – Present
Bangalore, India

- Built **microservice connectors** for Noggin2-Motorola system orchestration.
- Delivered and maintained a **ionic mobile app** powering field operations.
- Developed reusable **UI library** for Noggin 2, **reducing dev time by 30%**.

Noggin

Software Engineer

06/2023 – 11/2024
Bangalore, India

- Created **middleware** enabling cross-system enterprise transactions.
- Designed and maintained multiple **lambda functions** for async processing.
- Enhanced Noggin 2 workflows and UI plugins, improving **load time** and **responsiveness**.

Dwata Tech Private Limited

Member of Technical Staff

12/2021 – 05/2023
Pune, India

- Architected multiple **microservices** for analytics and data aggregation.
- Developed **ETL pipelines** which improved data readiness by 40%.
- Built dashboards and APIs in the **Azure** ecosystem to enhance data insights.

Techinvento IT Services Private Limited

Full Stack Blockchain Developer

08/2020 – 11/2021
Aurangabad, India

- Designed and deployed a **NFT Marketplace** enabling creators to mint and trade digital artwork with ERC smart contracts and secure wallet integration with multi-chain support.
- Developed **React Native hybrid apps** for creator onboarding and trading NFTs.

🎓 EDUCATION

Bachelor of Technology

Marathwada Institute of Technology

02/2019 – 06/2022
Aurangabad, India

Diploma in Computer Science

MGM Polytechnic

08/2017 – 08/2019
Aurangabad, India

🏆 ACHIEVEMENTS

🏆 MVP Award (2021) – Recognized as Top Performer at Techinvento IT Services.

🏆 Spot Award (2024) – Awarded at Noggin for pivotal contributions to enterprise middleware development.
